10:45 to 12:15 **Presentation by Lukas Keraitis** - A lifelong freelancer, Lukas Keraitis feels purposeful in communicating science and technology in TV and radio shows that he hosts. With an aim to understand the world around him and explain it to others, Lukas works as an all-around creative. You can find him on your screen on LRT Plus “Mokslo sriuba”, Žinių radijas “Du bitai”, or on a stage near you – either playing in his rock band Abudu or moderating a challenging discussion.
Therefore, be ready for knowledge exploration 😊

12:30 to 13:30 Lunch at cafeteria “Profesorius”

13:30 to 15:00 **Presentation by Artūras Rumiancevas** - game critic, game industry reviewer. He has been interested in games (not only computer games) almost all his life, his interest became a hobby, and later a profession. Critic, reviewer, also could be named evangelist in games area. If he counted the years, he could safely say that he has been working with games for about 20 years, and he still does not get tired of them, just like he does not get tired of the many questions that people ask him.

At 13:00 we plan to go to have lecture at the Finance Laboratory for kids and teachers (in Vilnius, at Swedbank).

Financial education is one of the core CSR activities for Swedbank in Lithuania. Swedbank opened Finance Laboratories in Vilnius and Klaipėda - unique places for financial education. Schoolchildren and students are invited to visit and learn about the main principles of economics and personal finances using innovative tech, gamification, and relatable daily-life examples.

Swedbank organised the first-ever Largest Remote Lesson in Lithuania, "Mokonomika". The huge success of the first event was followed by even better results the second year in a row. In 2021 "Mokonomika" was streamed to 225,000 people across the country and in 2022 the number of viewers rocketed to 400,000. Along with huge support from the Ministry of Education, Science and Sport, in 2022 "Mokonomika" was granted the patronage of the Lithuanian National Commission for UNESCO and joined forces with National Radio and Television. "Mokonomika" was widely recognised as one of the best corporate responsibility projects in Lithuania in recent years and received 12 local and international awards.
